PILATUS PC-24
ZS-KAT

A Class of its own - The Crystal Class
The PC-24 is simply unique. It’s the only aircraft combining the versatility of a turboprop with the cabin size of a medium-light jet, and the performance of a light jet. It’s a plane that simply doesn’t fit into any of the existing business jet categories. That’s why we had to create a new one: the Super Versatile Jet (SVJ) category. The PC-24 has been engineered to be “off-road” compatible from the beginning. Its outstanding short-field performance – even on unpaved runways – opens up an incredible level of mobility.
**PILATUS PC-24**
**ZS-KAT**

**TECHNICAL SPECIFICATIONS:**
- **Registration:** ZS-KAT
- **Base:** Cape Town, South Africa
- **Year of Manufacture:** 2018
- **Number of Passengers:** 8 (double club configuration)
- **Crew:** 2 pilots
- **Cruise Altitude:** 45,000 ft
- **Cruising Speed:** 440 kts
- **Non-stop Range:** 1,727 nm / 3,200 km
- **Luggage Capacity:** Comparable all-internal, pressurised and in-flight-accessible baggage compartment that can hold up to 12 bags
