

Mike Berry

Chief Operating Officer / Acting President Group FBO Division

Biography | June 2026

Having initially established himself as a Chartered Accountant in South Africa, Mike Berry has since been involved in a variety of industry sectors including manufacturing, insurance, telecommunication and aviation.

Mike joined ExecuJet Middle East in 2002 as a Financial Director. In 2004 Mike's prominent ability in ExecuJet saw him progress to the role of Managing Director – Middle East, overseeing the general management of the region including new and pre-owned sales, product support, aircraft management, flight operations, FBO and maintenance services.

His main objective for the region focuses on the development of ExecuJet as the premier business aviation service and solutions provider. Having become one of the main contenders in the Middle East Aviation market, Mike is confident that ExecuJet will remain prominent in the region.

Since becoming the Managing Director, Mike has seen ExecuJet Middle East move into a state-of-the-art facility at Dubai International Airport, expanding support capabilities with over 240 employees and includes plans to open a new facility at Dubai South.

In late 2015 Mike became President Aviation Services of ExecuJet and in 2017 expanded this role to the whole Luxaviation Group being appointed Executive VP Luxaviation Group. In 2021 Mike took up the role as Chief Operating Officer for the Group, followed by adding the role of Acting President Group FBO Division in 2026.
